## What sources and data do we use?

We process personal data that we receive from you in the course of our business relationship. In addition, we process - to the extent necessary for the provision of our service - personal data that we have permissibly received from other

companies or from other third parties (e.g. for the execution of orders, for the fulfilment of contracts or on the basis of consent given by you). On the other hand, we process personal data that we have permissibly obtained from publicly accessible sources and are allowed to process.

Relevant personal data are personal details (name, address and other contact details, date and place of birth and nationality, bank details) and legitimization data.

In addition, this may also be order data, data from the fulfilment of our contractual obligations, product data, advertising and sales data, documentation data, data about your use of our offered tele media (examples: Time of calling our websites, apps or newsletters, clicked pages from us or entries) and other data comparable with the above categories.

## What do we process your data for (purpose of processing) and on what legal basis?

We process personal data in accordance with the provisions of the European Data Protection Regulation (DS-GVO) and the German Federal Data Protection Act (BDSG).

### For the fulfilment of contractual obligations (Art. 6 para. 1 lit. b DS-GVO).

The processing of personal data (Art. 4 No. 2 DS-GVO) is carried out for the performance and brokerage of business, in particular for the execution of our contracts or pre-contractual measures with you and the execution of your orders, as well as all activities related to the operation and management training measures or in the provision of IT services and supplies required.

The purposes of the data processing are primarily determined by the specific order.

### Within the scope of the balancing of interests (Art. 6 para. 1 lit. f DS-GVO)

Where required, we process your data beyond the actual performance of the contract to protect legitimate interests of us or third parties.

Examples:

- Testing and optimizing procedures for needs analysis and direct customer approach;
- Advertising or market and opinion research, unless you have objected to the use of your data;
- Assertion of legal claims and defense in legal disputes;
- Ensuring IT security and IT operations of Ecobat Logistics Germany GmbH;
- Prevention and investigation of criminal offenses;
- Building and facility security measures (e.g., access controls);
- Measures to ensure building security;

- Measures for business management and further development of services and products.

## Based on your consent (Art. 6 Para. 1 lit. a DS-GVO).

Insofar as you have given us consent to process personal data for specific purposes, the lawfulness of this processing is based on your consent. Consent given can be revoked at any time. Please note that the revocation only takes effect for the future. Processing that took place before the revocation is not affected.

## Who receives my data?

Within Ecobat Logistics Germany GmbH, those departments receive your data that need it to fulfil our contractual and legal obligations. Processors used by us (Art. 28 GDPR) may also receive data for these purposes. These are companies in the categories IT services, logistics, printing services, telecommunications, debt collection, advice and consulting, and sales and marketing.

## How long will my data be stored?

Where necessary, we process and store your personal data for the duration of our business relationship, which includes, for example, the initiation and execution of a contract. It should be noted that our business relationship can also be continuing obligations, which are intended to last for years and is usually indefinite.

In addition, we are subject to various storage and documentation obligations, which result, among other things, from the German Commercial Code (HGB) and the German Fiscal Code (AO). The retention and documentation periods specified there are two to ten years.

Finally, the storage period is also assessed according to the statutory limitation periods, which, for example, according to §§ 195 ff. of the German Civil Code (BGB), are generally three years, but in certain cases can be up to thirty years.

## Is data transferred to a third country or to an international organization?

Data is only transferred to third countries (countries outside the European Economic Area - EEA) if this is necessary for the execution of your orders, is required by law or you have given us your consent.

## What data protection rights do I have?

Every data subject has the right to information according to Art. 15 GDPR, the right to correction according to Art. 16 GDPR, the right to deletion according to Art. 17 GDPR, the right to restriction of processing according to Art. 18 GDPR and the right to data portability from Art. 20 GDPR. With regard to the right to information and the right to

erasure, the restrictions pursuant to Sections 34 and 35 BDSG apply. In addition, there is a right of appeal to a data protection supervisory authority (Art. 77 GDPR in conjunction with. § 19 BDSG).

## Is there an obligation for me to provide data?

In the context of our business relationship, you only have to provide the personal data that is required for the establishment, execution and termination of a contract or for pre-contractual measures, or which we are legally obliged to collect. Without this data, we will usually have to refuse to conclude the contract or execute the order, or we will no longer be able to perform an existing contract and may have to terminate it.

## To what extent is there automated decision-making in individual cases?

As a matter of principle, we do not use automated decision-making pursuant to Art. 22 GDPR.

## To what extent is my data used for profiling (scoring)?

In general, we do not process your data automatically for profiling.

## Information about your right of objection according to Art. 21 of the Data Protection Regulation (GDPR)

### 1.1 Individual right of objection

You have the right to object at any time, on grounds relating to your particular situation, to the processing of personal data relating to you which is carried out on the basis of Article 6(1)(f) of the GDPR (data processing on the basis of a balancing of interests); this also applies to profiling based on this provision within the meaning of Article 4 No. 4 of the GDPR which we use for credit rating or advertising purposes.

If you object, we will no longer process your personal data unless we can demonstrate compelling legitimate grounds for the processing that override your interests, rights and freedoms, or the processing serves to assert, exercise or defend legal claims.

### 1.2 Right to object to processing of data for direct marketing purposes.

In individual cases, we process your personal data in order to conduct direct advertising. You have the right to object at any time to the processing of personal data concerning you for the purposes of such advertising; this also applies to profiling, insofar as it is associated with such direct advertising.
